

## DIY COOKIE KIT

Use this kit within one week.

Unpack all your materials from the kit. Gently knead each icing bag for 1-2 minutes, if necessary. Separation is normal.

Cut a small hole in each piping bag by snipping the pointy end with a pair of sharp scissors.

Decorate your cookies with the icing and sprinkles, using the wooden tools provided.

Enjoy immediately, or dry cookies overnight and then package, using the baggies and twist ties provided.

Enjoy cookies within one week.

Have Fun!
